Introduction

BridgePrep Academy is committed to providing quality education to all its' students. In effort to achieve this goal, parents/ guardians or school staff may refer students for counseling, or students may request counseling. The focus of the counseling program is to help students better understand the world they live in and make better decisions that help them live functional lives. There is no cost for counseling/guidance services that are provided through the school system during the school year.

Provision of Services

It is a generally accepted policy to obtain the parent/ guardian's permission for counseling when it is requested. This written permission is kept in a separate file in the School Counselor's Office.

Confidentiality

I understand that the School Counselor will keep information confidential with the following exceptions:

- * If they are being harmed
- * If they are harming themselves
- * If they know of anyone who might be doing harm to themselves.

The student will be informed when that confidentiality has to be broken.
